

# VICTORIA VERTUGA: ABOUT

Victoria Vertuga is an actress turned writer/director/producer. Shockingly uninspired by playing endless variations of “hot blonde,” “dumb blonde” and “hot dumb blonde,” she decided to branch out into writing.

Her pilot scripts “Tithes” and “The Other City” have been finalists in multiple competitions including Screencraft and The Script Lab’s TV Pilot Contests and the highly competitive Austin Film Fest.

In April of 2021, her darkly comedic webseries “DisGraced” premiered at the Women’s Comedy Film Festival. So far, it has played at over 35 film festivals, garnered over 20 award nominations and 10 wins including multiple Best Comedy and Best Actress wins.

She recently completed production on two feature length horror films: “Lexi” and “Cold Blows the Wind,” which will both be available later in 2022.

She’s also a huge animal lover, a proud dog mom to three rescue pitbulls, and part of the Leadership Team for Angel City Pitbulls.
